

Art Supplies 5<sup>th</sup> May

The request this week was to make a card for a friend.

You will need:

Some card or thick paper if you have it, otherwise sheets of A4 office paper will do as they can either be glued together or folded in 4 for strength.

Print stick or glue

Scissors

If you already have some card-making materials like stamps, stickers and decorated paper, then please bring these to the class.

If not, no worries. You can bring:

Pencils, markers or paints

Scraps of wrapping paper (if you have them)

String or wool if you have some, don't worry if you don't, you can always draw it either :-)

If you want to do a collage, you can look at magazines and cut out things that remind you of your friend.
